Westhaven Gold Corp

Exploring British Columbia's Newest Gold Belt

Company Overview

Westhaven is a gold-focused exploration company advancing the high-grade discovery on the Shovelnose project in Canada's newest gold district, the Spences Bridge Gold Belt. Westhaven controls 37,000ha (370km²) with four 100% owned gold properties spread along this underexplored belt. The flagship Shovelnose property is situated off a major highway, in close proximity to power, rail, large producing mines, and within commuting distance from the city of Merritt, which translates into low-cost exploration. These relatively underexplored volcanic rocks are highly prospective for epithermal style gold mineralization.
